## SUMMARY

### July-December U.S. Seed Exports Show Little Change From Previous Year

Exports of U.S. seeds for planting totaled \$158.6 million during July - December, 1984, only \$300,000 above July - December 1983. Forage seeds shipments were up substantially over the previous year, with a 20 percent increase to \$35.3 million. Vegetable seed exports were down slightly, some 4 percent, to \$66.8 million for the first half of the 1984-85 marketing year. Flower seed sales were up one third, to \$5.4 million. Corn seed exports decreased 45 percent to \$15.4 million from last year's \$28 million for the period ending December 31. Grain sorghum seed sales showed a moderate 8 percent increase, to \$12.1 million.

Forage seed exports from July to December 1984 were up 20 percent from a year before, to \$35.3 million. Alfalfa sales totaled \$13.3 million, up 48 percent from last year's \$9 million. Total clover seed exports went down 14 percent, to \$2.6 million. Ryegrass seed exports also declined, from \$4 million to \$3.6 million. Other major forage seed export items were Kentucky bluegrass, fescue, bentgrass, and timothy, with sales of \$2.5 million, \$2.4 million, \$1.3 million, and \$1.1 million, respectively. The largest markets for U.S. forage seeds were Mexico, with \$6.1 million; Saudi Arabia, with \$5.1 million; Japan, with \$4.4 million; Canada, with \$3.3 million; Italy, with \$2.9 million; and Argentina, with \$1.9 million. Notable among these countries was Saudi Arabia's increase, some 264 percent above last year's \$1.4 million. Shipments to the European Community were off 5 percent, to \$7.1 million.

Vegetable seed exports declined slightly to \$66.8 million, from last year's \$69.3 million. The largest individual market for U.S. vegetable seeds, Japan, showed a slackening of purchases from \$15.6 million to \$12.8 million. Mexico was the next largest buyer, grabbing \$10.2 million, up 12 percent from a year earlier. Exports to the European Community declined to \$14.7 million, of which Italy, the Netherlands, and France were the largest markets, with \$4.9 million, \$3.7 million, and \$2.6 million, respectively. Iraq had purchases of \$4.1 million, down 31 percent from last year's \$6 million. Canada bought \$2.4 million, down only 3 percent from a year earlier. Radish seeds were the largest component of vegetable seed sales, accounting for \$7.5 million, of which sales to Japan were \$7.0 million. Other major vegetable seed export items were pea, watermelon, bean, and onion, with sales of \$5.9 million, \$5.1 million, \$5.0 million, and \$4.8 million, respectively.

Flower seed sales were up a healthy 33 percent from year earlier figures, to \$5.4 million. The United Kingdom, France, and Canada were the major flower seed markets. Exports of corn seed (except sweet corn) slipped considerably to \$15.4 million, from \$28 million, or 45 percent. Exports to Mexico dropped 67 percent in this category, to \$6.4 million. Other important buyers of corn were France, Chile, Italy, and Japan, with sales of \$2.5 million, \$2.0 million, \$1.4 million, and \$1.2 million, respectively. Sales to the European Community went up 105 percent to \$4.1 million, mostly from increased sales to France.

Grain sorghum seed shipments at calendar year end totaled \$12.1 million, up 8 percent from the same period last year. Major markets were Venezuela, with \$4.5 million, and Mexico, with \$3.3 million. Soybean seed sales were up sharply to \$4 million from last year's \$1.1 million. Nigeria and Canada counted for the greatest share of the increase, with \$2.6 million and \$0.8 million in purchases, respectively. Sugar beet sales were off 60 percent, down to \$1.0 million from \$2.6 million a year ago.

For the July to December 1984 period, Mexico was the largest market for U.S. seeds, with \$28 million in sales. This figure is down 26 percent from the 1983 figure of \$37.8 million. Shipments to Japan had a value of \$20.9 million, also down from last year's figures of \$23.3 million. Other top markets for American seed exports include Italy, Saudi Arabia, Canada, the Netherlands, France, and Venezuela.
